

Indiana Society of Radiologic Technologists, Inc.

Strategic Plan

Developed 4/19/2007

Mission as defined in the purposes of the ISRT bylaws:

“The purpose of the ISRT shall be to advance the professions of radiation and imaging disciplines and specialties; to maintain high standards of education; to enhance the quality of patient care; and to further the welfare of radiologic technologists.”

GOAL: Website transition and enhancement. Evolve the ISRT website to support all facets of the Society, to become the voice of the ISRT and to encourage all forms of learning.

SUPPORT: The ISRT website will perform as a supportive media to promote activities sponsored by the Society, as well as a source of communication to those responsible for running the Society.

Activities such as the ISRT Leadership Academy, Business and Educational Meetings, liaisons and board member connections should be readily available.

VOICE: The ISRT website will become the voice of the Society.

Utilize the ISRT website as immediate contact to members and non-members about Society activities and topics of interest to radiologic imaging professional, as well as the general public.

LEARNING: The ISRT website will function as a learning tool for all people.

Information on the website should not only be focused on members and prospective members, but also the general public to educate them about the Radiologic and Imaging Profession.
